# Repeat Signage displays KPI dashboard to show statuses of orders...

Moda Express is a leading business in the Apparel & Accessories industry. They provide warehousing and a wide range of back office services to some of the most successful apparel companies in the world. Since its establishment in 1993, Moda Express has proven that a quality service will earn customer loyalty. They are proud to be recognized today amongst the finest logistic service providers in the fashion distribution industry, an achievement that reflects its commitment to dependability, reliability and innovation.

“We are a 3PL logistics company specializing in E-Commerce, wholesale, retail distribution on behalf of our clients. We are using Repeat Signage software to display the KPI dashboard to show the pending status of all orders and in what stage they are in so our employees and top management are always on top of what is going on and can easily react to any delays or other related issues. When our clients visit they are also pleased to see the live data and even estimate the speed of work process.”

Igor Pestrikov,  
MODAEXPRESS USA,  
Secaucus, New Jersey

Repeat Signage displays KPI dashboard and order statuses

Repeat Signage is professional, easy-to-use, digital signage software, in daily use in a wide range of applications and market sectors across 29 countries. You just need a Windows PC or media player, a display screen or touch screen and Repeat Signage software. Repeat Signage is a one-off licence fee for each computer playing presentations to one display screen. You can update content locally or remotely.

Repeat Signage V4 Corporate edition has the ability to display spreadsheets (includes an in-built spreadsheet) and database content. It is so easy to use you can create a presentation and have it playing within minutes, allowing you to display still and moving images, videos, real-time date and clocks, RSS feeds and other media.
